Education

University of London (UOL) , Singapore Institute of Management

Bachelor of Science in Computer Science

Oct 2022 — Jan 2026

Experience

Mobile React Native Developer

Dec 2025 — Present

Hiddentao Labs

- Developing a cross-platform mobile MVP using **React Native and Expo** for a voice-based mental health support platform.
- **Led the implementation** of mobile UI features by translating **Figma** designs into production-ready React Native components for a cross-platform MVP.
- Set up **CI/CD pipelines** using **GitHub Actions**, automating iOS and Android builds on macOS runners and distributing **test builds** via Firebase App Distribution.

Repair Technician

Jul 2025 — Oct 2025

Pronto Arigato

- Diagnosed and repaired laptops and desktops (Windows, MacBook, iMac), improving device uptime and customer satisfaction.
- Troubleshoot technical problems efficiently, often resolving multiple issues per day under time constraints

Frontend Developer Intern

Jan 2025 — Apr 2025

RiverValley Irregulars

- **Designed and prototyped** responsive UI components in **Figma** and **Angular**, contributing to form implementation and layout improvements.
- **Developed frontend concepts** in **StackBlitz** to demonstrate design usability and component behavior for team review.
- **Collaborated with developers** to align UI designs with existing codebase standards and improve implementation feasibility.

Frontend Developer Intern

Nov 2024 — Dec 2024

El Pando

- Assisted developers in the **final stages of a client project**, focusing on **data migration and validation** for deployment.
- Helped update and maintain **technical documentation** to support system handover to the client (ITE).

Projects

Tito – Employee Time Tracking & Wage Calculator / React Native, Expo, Supabase

Oct 2025 — Dec 2025

- Built time tracking app for hourly workers, implementing clock-in/out, break tracking, and automated wage calculation.
- Improved workflow efficiency for hourly workers by providing real-time tracking and wage estimates.
- Integrated Supabase and REST endpoints for data persistence and authentication.

Flipzi – Flashcard Study Application / React Native, Expo, Supabase

Apr 2025 — Sep 2025

- Developed minimalist flashcard app to enhance study effectiveness.
- Designed intuitive UI to optimize user focus and study sessions.

Skills

Programming Languages: JavaScript, TypeScript, HTML, CSS

Frameworks & Libraries: React Native, Angular, Expo, Django, React.js

Developer Tools: Git, Figma, Framer, Supabase, CI/CD (GitHub Actions), Linear, Firebase App Distribution , Fastlane
